## ABOUT US

Sumatra is an experienced engineering and repair company. We are a niche company focused on repairing and maintaining industrial equipment and various components and systems used in the oil and gas industry.

With our experienced and qualified people, we work closely with our customers to ensure the necessary work is executed timely and reliably.

**“WE SERVE OUR CUSTOMERS THROUGH PERSONAL VALUES WITH HIGH-QUALITY WORK AND CONTINUOUS RELIABILITY.”**

We operate and maintain specialized equipment, employ an in-house design and development team, and keep reputable service partners allowing us to offer our clients reliable and intelligent solutions.

## WHY CHOOSE US!

### EXPERIENCED TECHNICIANS

Our technicians have years of experience and training in repair. We have the knowledge and skills to handle any repairable job.

### QUALITY WORK

We pride ourselves on providing top-notch repair services using quality parts and equipment. We stand behind our work and ensure that your equipment is running at its best.

### COMPETITIVE PRICES

We understand that repairs can be costly, which is why we offer competitive prices without compromising on quality.

### FAST TURNAROUND

We know that time is of the essence when it comes to repairs. Our team works efficiently to ensure that your equipment is back up and running as soon as possible.

### CUSTOMER SATISFACTION

Our goal is to provide you with excellent service and ensure your satisfaction. We take the time to listen to your concerns and provide professional solutions to meet your needs.
